NOTES: Beginning in 1996, reporting requirements for component units required many expenditures to be reclassified as operating transfers; however, the schedule above shows those amounts where they would have been without the change in reporting.

Beginning in 2001, in accordance with procedures used for the CAFR, fund balances are shown on a GAAP basis, with expenditures no longer being adjusted for prior-year appropriations.

Beginning in 2002, amounts expended for capital outlay are shown in a separate fund.
