Date:	1/16/12
Slug:	Dune Buggy Fatality
Submitted by:	Sgt. Don Kelly

The Traffic Homicide Unit is investigating a fatal crash involving a dune buggy that occurred in the 1700 block of Foss. The crash occurred about 12:50pm.

SHANNON ALEXANDER, 38, 2124 COLORADO was in a lot used for parking just west of Memorial Stadium, operating an American Sportworks Quantum 150cc dune buggy. He had an 11-year old male passenger in the vehicle as well.

It appears the driver entered a sideways slide in a loose gravel area and the buggy flipped. The juvenile passenger was wearing a safety belt, but the driver was not. He died at the scene from injuries suffered in the crash.

The investigation is continuing.
