

KEY WORKERS

- I. Emergency services and the continued operation of vital facilities dictates the need for certain personnel to maintain operation around the clock.
- II. Critical facilities and services will be kept in operation by a minimum number of key workers. These essential employees will generally commute to their work locations, in twelve-hour work shifts, from assigned lodgings in their host areas.
- III. Transportation of essential workers, from the host area to the risk area and back, will be accomplished by the use of privately-owned vehicles, and/or by the use of buses which will be provided, with drivers, for the purpose of transporting key workers from host to risk areas and back. Buses assigned for these transportation requirements will remain in the risk area after unloading workers at their assigned work sites and will remain at the work site until the 12-hour shift has been completed and will then relocate back to the host area.
